On September 24, the FBI raided the homes of 14 well-known anti-war and human rights activists in Chicago and Minneapolis. They also raided the office of the Minnesota Anti-War Committee. According to the FBI, the goal of the raids was to investigate alleged "material support for terrorism". These activists have done nothing wrong, yet face secretive Grand Jury trials, jail time and fines. Their freedom is at stake, along with everyone's freedom to speak our minds and to organize against war and occupation.

Come learn about the recent raids and organizing to oppose FBI repression, the past and current history of FBI attacks on social movements in the US, the current climate of Islamophobia and repression

disproportionately targeting Arab and Muslim individuals and communities, and to understand your rights and what you can do to stand in solidarity with those being targeted!

The event is FREE. Funds will be collected for the Minneapolis and Chicago's activists' legal defense fund; If you cannot come to the event, but wish to donate to the defense fund, please write a check to "Committee to Stop FBI Repression" and mail to PO Box 14183, Minneapolis, MN 55414.

FBI target Jess Sundin, with her daughter Leila.
