The Film: Enemy of the State tells the thrilling tale of an apolitical lawyer (Will Smith), who is swept up in the kitchy machinations of an evil political apparatus (Jon Voigt, Jack Black, etc) who want to enact warrantless surveillance against Americans. (Gasp! Did I mention this movie is from the 90s?) Aided by a reformed evil genius NSA operator (Gene Hackman), the lawyer becomes an action hero. But is he too late to save our liberty?
